

ABOUT US

Jonah's Project – a safe place for positive reflection. Jonah's Project has based its ethos on the bible story of Jonah and the whale, although Jonah's project has no religious affiliation, morally the story suits the vision, morals and values of the company. The basic summary of the story is that God called on Jonah to deliver his word to the people and Jonah turned his back and chose the wrong path. This path led him to face God and be swallowed by a whale. Inside the whale, Jonah reflected on the choices he made and chose to make right his wrongs and go forth on to the right path. This is what we aim to do with the young people we work with, effectively we become the whale and empathically support them to turn a negative situation, issue or experience into a positive life lesson.
